

We are a small business, so it is not feasible for us to extend loans for emergency or regular veterinary care for our customers' pets. However, it is our sincere desire to get your pets needed care as quickly as possible. We will always try to contact you immediately. **However, if you aren't available, this gives us needed authorization, information, and funds.** [EVS does not take Checks, and requires payment up front.]

▪The form below **must** stay in your home in our agreed-upon location, and be available to us during all visits. For your safety, *it never leaves your home unless veterinary care is needed.*

▪Please complete this form - *including up-to-date credit card info: type of card, name on card, number, expiration date, and 3-digit code from back of card (very important!!!).* **If you don't have a personal credit card, please provide a minimum of \$900 on a purchased Loaded Visa Card.**

▪If there's a monetary limit, please state your wishes for your pet once that limit is reached. Include special instructions, treatment preferences, personal contact, etc.

Thank you very much for your understanding of and cooperation with this important policy.

Veterinary Authorization

I authorize Kritter Sitters of Minneapolis LLC to make medical decisions for my pet(s) in my absence. Kritter Sitters will always first attempt to consult me if veterinary care becomes necessary, and then take the necessary steps to see that veterinary advice and/or treatment is received quickly.

Signature: _____ Date: _____

PERSONAL Contact
(who can help or advise about your pets) - Name _____ Phone _____

Regular Vet: _____ Vet's Phone: _____

Preferred Emergency Vet?? _____ Vet's Phone: _____

[Use back as needed, for the questions below:]

Do you have a general monetary limit for vet care?

Does this vary between pets (due to age, health, etc.)?

What are your wishes once this limit is reached?

Specific care preferences / for each pet?

VET PAYMENT INFORMATION (credit card information) – type of card, name on card, card number, exp. date, 3-digit code from back (important!!)
